§ THE CATALOGER'S TOOL CHEST §

The transliteration of cataloging source data which is in non-Roman scripts is always a challenge. Easing this task is a long-standing joint resource from the American Library Association and Library of Congress, the [ALA-LC Romanization Tables](#). Direct links to Russian, Church Slavic, Greek and fifty-four other non-Roman script languages or language groups is provided on the opening screen. The entire publication is there as a PDF file.
