

Greetings,

As you may know, I am a member of the Catholic Library Association and I want to invite you to explore joining yourself. I have found great value in my membership and think you will as well. Below are some of the many benefits to membership with CLA:

- Subscription to *Catholic Library World*, CLA's official journal – one of the most cherished benefit through the organization.
- Electronic discussion groups - Stay in touch and network with other members. What better way to stay current on the trends of the profession than to hear what others are doing around the country?
- A voice in the future of libraries - The need for library support is critical; join me in our efforts to show our continuing relevancy.
- Discounted registration fees to the annual CLA convention - Continuing education is the best way to stay current in the profession. Enjoy a discount to these sessions as a member of CLA.
- Information on current library issues and trends in the U.S. and abroad
- Opportunities to interact with others with our unique identity - Catholic librarians or those working in Catholic libraries
- A network to share in the ideals of outstanding librarians, authors and educators

I hope you will take a moment to view the CLA website at cathla.org and if interested in membership, visit <http://cathla.org/membership>. If you have any questions or would like to find out more, feel free to contact the CLA Office at cla2@cathla.org or 225-408-4417. I look forward to welcoming you into the Association!

Sincerely,

YOUR NAME
